10,000-MILE JOURNEY TO ALTAR.

Scranton, Pa., March 27.—Culminating a romance that had its inception at college, Miss Helen Hodges, daughter of Mr. and Mrs. J. A. Hodges of this city, starts today on a 10,000-mile trip alone to wed her fiance, Gilbert S. Perez, who is division industrial supervisor of schools at Manila. Miss Hodges has been a member of the faculty of a seminary at West Chester until recently, when she resigned her position to prepare for her trip to the Philippines.

OPENING OF GREAT CATHEDRAL.

St. Paul, Minn., March 27.—The magnificent new Roman Catholic cathedral in this city, which it has taken nearly ten years to build and which has cost upwards of one and a half million dollars, will be formally opened with the Palm Sunday services tomorrow. Archbishop Ireland will deliver the sermon and many dignitaries of the church will be present. The formal dedication of the edifice has been fixed for April 11.

Start New Year right and smoke La Tosca and No. 5. Made by George W. Childs Cigar Company.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuritis, to write to me for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to tell it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. SUMMERS, Box B, South Bend, Ind.

GOSSIP FROM THE NATIONAL CAPITAL.

Washington, March 27.—Secretary Houston of the Department of Agriculture has accepted an invitation to present to the University of Virginia the bronze statue of Thomas Jefferson which will be unveiled next month at the university at Charlottesville in exercises commemorative of Founders' day. The statue is to occupy a commanding site on the campus, directly opposite the statue of Washington. The Jefferson statue is a replica of the one unveiled at the Louisiana Purchase Exposition at St. Louis.

A statement issued by the Secretary of the Interior shows that during the first two and a half months of the present year 1,571,800 acres of public lands have been restored to entry and 52,843 acres have been withdrawn. The withdrawals have been chiefly for the protection of water power sites. The largest restoration has been in coal land withdrawals. Nearly 1,000,000 acres of this type have been restored in Montana and nearly 272,000 acres in Utah. There have also been approximately 42,000 acres released from oil land withdrawals in California and more than 21,500 acres in Idaho.

Advices received by the committee in charge of the local arrangements for the fiftieth anniversary of the grand review, which will be celebrated here in September at the forty-ninth annual encampment of the U. A. R., the event will be attended by a larger crowd than has been present at any encampment in recent years. Fifty thousand visitors are expected, and preparations are being pushed forward each day by the various committees in charge of the details incident to providing for the reception and entertainment of the thousands of veterans and their friends.

The act of Secretary Daniels in authorizing a special flag for the Vice President is another step in the direction of lending importance to the position of the man who happens to be elected with the President. But as the present incumbent of the office was heard to remark it is almost a hopeless task to try to attract any attention to the Vice President or his job. Only two real duties devolve upon the Vice President—that of presiding over the Senate, where he is permitted to vote in case there is a tie, and the duty of acting as chancellor of the Smithsonian Institution. In the latter capacity he presides over the meeting of the board of regents once a month and signs a few papers that may be sent to him. The Vice President pays his own rent, his own traveling expenses and

has no perquisites. All in all, it is a job with little work, many peculiar customs and much social strain.

LAY STONE FOR WOMEN'S MEMORIAL.

Washington, March 27.—To the many memorable events which cluster about the making of the nation's capital must be added one other, the laying of the corner stone of the Red Cross building, in process of construction as a memorial to the women of the Civil war, which took place today with impressive ceremonies.

The occasion was made notable by the presence of President Woodrow Wilson, former President William H. Taft, cabinet officers, justices of the Supreme Court, representatives of foreign governments and a large proportion of Washington's population. Both President Wilson and former President Taft were given ovations as they made their appearance in the speakers' stand. President Wilson is ex-officio president of the American Red Cross, to whose purposes the memorial building is to be devoted, and former President Taft is a past president of the society. Others actively identified with the society and who took part in the cornerstone ceremonies were Miss Mabel Boardman, Major General George W. Davis, Robert Lansing and John Skelton Williams.

The Red Cross memorial building is designed to take rank among the most imposing of the public and semi-public edifices in the national capital. Today's ceremonies mark the first practical step in the project that has occupied the attention and efforts of the society for nearly a decade. The final fulfillment of the project will cost in the neighborhood of \$1,000,000, of which \$800,000 already is available.

The memorial will be located in the square bounded by 17th and 18th and I and E streets, one of the most desirable sites in the city. The structure will be of white marble and the architecture and material will conform in general to the type of construction followed in the construction of the home of the Pan-American Union and other public buildings erected in Washington in the past few years.

TO OBSERVE WEEK OF PRAYER.

New York, March 27.—In pursuance of a custom inaugurated several years ago, the larger proportion of the Protestant churches of the United States will observe the week beginning tomorrow as a week of prayer. The Federal Council of the Church of Christ in America, an organization representing 16 denominations with a total membership of more than 30,000,000, has issued a program for use both in public and in private during the week.

PATERSON READY FOR "BILLY" SUNDAY.

Pateron, N. J., March 27.—Pateron has everything in readiness for the opening of the "Billy" Sunday campaign here tomorrow. The city, which has been known as the incubator of anarchy and the scene of many riots and deeds of violence, is astir from center to circumference in anticipation of the coming of the famous evangelist. Sunday declares that he intends to make his Pateron revival a duplicate of his recent Philadelphia campaign, which he has characterized as the "jimmiediest" engagement he ever filled. A tabernacle with a seating capacity of 15,000 has been erected for the meetings. It is expected the revival will attract thousands of visitors from all over this section of New Jersey and even from New York City.

MESSIAH FESTIVAL AT LINDS BORG.

Lindsborg, Kas., March 27.—Music lovers from far and near are gathering here for the annual Messiah festival, which has gained for this place the name of "the American Bayreuth." Two stellar attractions have been engaged for the festival this year, Mme. Julia Clausen will be heard at the initial concert tomorrow afternoon, and Mme. Olive Fremstad will give a song recital next Sunday afternoon. "The Messiah" will be performed tomorrow evening and on Good Friday and Easter Sunday.

Forward, as occasion offers. Never look around to see whether any shall note it. Be satisfied with success in even the smallest matter, and think that even such a result is no trifling—Marcus Aurelius.

Too many men want to try "Kiss Me, My Honey, Kiss Me," and "Oh, You Beautiful Doll" on their typewriter instead of their piano.

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Thedford's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used. After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit. Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Thedford's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 127

CRYING FOR HELP

Lots of It in Maysville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed. Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood. Backache is one of the frequent indications of kidney trouble. It is often the kidney's cry for help.

Read what Doan's Kidney Pills have done for overworked kidneys. Read what Doan's have done for Maysville people.

Lang Stevens, Maysville, Ky., says: "My kidneys were out of order and I had backache, which extended into my kidneys. The kidney action was irregular. Doan's Kidney Pills had been used in my family, so I gave them a trial. They helped me greatly."

Mr. Stevens is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Stevens had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

WATER COMPANY NOTICE.

All semi-annual water rates will be due April 1st, 1915, for six months in advance, and are payable at the Maysville Water Company, No. 205 Court street. All services, upon which payment in full has not been made before April 20th, 1915, will be shut off without further notice. A. R. COOPER, Secretary.

A DAILY LESSON IN HISTORY

One Hundred Years Ago Today.
1815—William Russell Smith, a prominent figure in Alabama politics, who served three consecutive terms in Congress each time as the representative of a different political party, born in Russellville, Ky. Died in Tuscaloosa, Ala., February 26, 1896.

Seventy-five Years Ago Today.
1840—The railroads in the state of Michigan had an aggregate length of 131 miles. (Today there are more than 9,000 miles of railroad in Michigan.)

Fifty Years Ago Today.
1865—General Sherman joined the Army of the Potomac from his raid in the Shenandoah Valley with some 10,000 cavalry.

Twenty-five Years Ago Today.
1890—A tornado cut a path a mile wide through the heart of Louisville. Nearly 100 lives were lost and \$2,500,000 in property destroyed.

A TOUCH OF NATURE.

(Lexington Leader.)
Timidly entering a Lexington florist's shop the other day, a little colored boy told the proprietor that he had "kinder thought ma'ber" he could get him to "give him time" on a funeral design. He was in rags and the florist twisted must have done service for a former generation. He had a quarter and a man for whom he ran errands had promised him another two bits next week. Of course, the florist wanted to know the story. It couldn't have been a long story, even if sobs hadn't have brought a sudden period. His playmate was dead; there weren't going to be any flowers. That was all. "I think maybe you don't want a regular design this time," said the florist. "What I think would be nice for a boy would be a bunch of these big roses. I'll fill this box and we'll go in partnership. We will forget about the quarter. I'll furnish the flowers and you will take them to him." And the little fellow was probably happier than he will ever be again.

SEARS-MERRILL WEDDING.

Duluth, Minn., March 27.—Two families of wealth and prominence were united today through the marriage of Miss Marie Merrill, daughter of Mr. and Mrs. Thomas D. Merrill of this city, and Francis Philip Sears of Boston. Bishop Morrison officiated at the ceremony, which took place in the Pro Cathedral. The bride had her sister, Miss Betty Merrill, as maid of honor, and six former college friends of Mr. Sears came from Boston to act as ushers.

TIRED OF CHURCH COLLECTIONS.

East Cambridge, Mass., March 27.—In the will of Abbie T. Hadley of Sherborn, which has just been filed in the probate court here, the sum of \$1,000 is bequeathed to the Baptist church at West Eden, Me., on the condition that the practice of taking up collections at the communion services be discontinued. Upon failure to comply with this request the bequest is to be returned to the estate.

EQUIPPED WITH THE

FINEST HIGH TENSION MAGNETO

Many popular priced cars have no magneto. Only the cheaper and less reliable battery system of ignition is furnished.

Battery ignition is used merely because it costs the manufacturer less money. He saves at your expense.

We, too, could have put on the battery system—and saved money.

But it was not good enough.

We believe everyone knows that the high tension magneto gives the most dependable and uniform ignition service.

Practically every high priced car is so equipped.

So is the Overland.
